This at 55 inches (4 feet 7 inches) will use on the 6 foot 18 inch deep shelf leaving room for 1 juicer. 6 feet = 72 inches less 55 inches = 17 inches, so this will accommodate 1 juicer (14 inches). The sandwich prep area will be on a mini shelf in front of the 18 inch shelf: 3 feet wide & 12 inches deep.

The wide salad display/server below goes on top of bakery display case

Width 1,610 mm = Depth 324 mm Height 387 mm

63.39 inches      12.76 inches      15.04 inches (63.39 inches = 5 feet 4 inches)

Bakery display is 59 inches (5 feet) so this will fit on top with a 5 inch overhang.

We have a 7 foot 4 inch counter so no problem. As 2.5 feet remain (7.4 feet = 88 inches – 59 inches = 29 inches or 2' 5"). This is where the fruit punch/lemonade/limeade and orangeade dispenser goes.

At the end of this counter is a small table/shelf with plates and salad dressings

Dressings: Oil and Vinegar, Italian, Blue Cheese, French, Ranch and Green Goddess

Toppings will also be found there on a shelf above: Raisins, Coconut, Roasted Almond Chips, Walnuts.
